From AAC apps and software, to our Tobii Dynavox devices, discover a large collection of products selected with all communicators and access methods in mind. Access the world with a variety of options from touch to switch scanning to eye tracking.

**I-Series**
A light, fast, durable and purpose-built eye-gaze enabled speech generating device featuring the world's best eye tracker.

**I-110**
The I-110 is the ultimate touch-based speech generating device for AAC and includes TD Snap and Communicator 5.

**TD Pilot**
TD Pilot is ideal for people who need to control an iPad with their eyes to communicate and use their favorite iPadOS apps.

**Speech Case**
Speech Case turns an iPad into a powerful communication device for people with speech and language disabilities.

**Communication apps**

- **TD Snap**
  A symbol-supported AAC software offering a choice of solutions, complete with tools and resources.

- **TD Talk**
  A simple text-to-speech app that enables natural conversation using just your eyes or hands.

- **Communicator 5**
  An AAC software that helps literate individuals with language disabilities communicate more efficiently.

Live Training
Join us for live virtual trainings where you'll learn implementation strategies, dive deeper into Boardmaker features, and ask questions directly to our experts.

Check out the training page to learn more www.goboardmaker.com/pages/training

Picture Communication Symbols

Discover our diverse PCS Collections available in many distinct styles designed to represent any user! With over 45,000 symbols, you will never run out of great topics.

- **Classic**
  Classic style PCS symbols offer flexibility and simplicity for our customers by providing diverse color palettes, thick black lines and options for gender neutral avatars.

- **High-Contrast**
  People experiencing cortical visual impairment often require simple symbols with dark backgrounds to see the symbols clearly. PCS High Contrast symbols are designed to support this need.

- **ThinLine**
  The ThinLine style was developed to provide a more modern look to our symbol sets. The added realism, while maintaining a clean, uncluttered style is what makes the ThinLine symbols so popular.

- **In-Context**
  Designed for mature adults to communicate about daily living with rich, realistic illustrations that can be used as symbols or visual scenes.

Are you a Maker?
Check out opportunities to license and use PCS in your products! www.goboardmaker.com/pages/pcs-licensing

Secure funding for Boardmaker and Tobii Dynavox products through ESSER
Did you know that you can apply Elementary and Secondary School Emergency Relief (ESSER) funds to the purchase of solutions from Tobii Dynavox? Contact your account manager for more information.
